Day by day

DAY 1

Saturday 7 November

The weekend begins at 10 am with morning tea in Tuckeroo's airy pavilion. The first session introduces nature journaling: what it entails and the techniques that set you on the path to confidently observe and record the details of nature that catch your eye. You receive your art kit and the tools to begin making marks and finding your own nature voice. After lunch, settle in, take a dip in the pool or keep journaling. Late afternoon the group gathers to cook a fabulous dinner of fresh local produce with Caz, and if it's a fine night, star gazing tunes you in to the after dark locals.

DAY 2

Sunday 8 November

Early morning is glorious: birdwatching, yoga, a swim, or coffee in a quiet spot. After breakfast a full day of immersion with Fleur. The morning explores techniques, tools and effects that bring life to the pages, with practice paper on hand. Along the way you learn the special characteristics of local plants and their traditional uses, and hopefully spot some wildlife. The afternoon most likely moves to a new location by one of the local creeks. Free time before dinner back at Tuckeroo.

DAY 3

Monday 9 November

A relaxed breakfast and farewell to Tuckeroo. Depending on the day and inclination the group chooses a place for an easy walk with journal in hand, with morning tea somewhere lovely. The weekend concludes late morning.
