Fitness and who it suits

Hot but very dry, with an average maximum of 34 degrees and nights around 19, occasionally as low as 12. A light sleeping bag is enough. The climbs are short but strenuous and some may need your hands.

Grade: Moderate. Steep climbs of no more than 200 metres to the tops of Twin Falls and Koolpin Gorge, strenuous for their length, some needing hands. Two days of food on each walk, 2 to 4 hours a day with packs.

This suits you if

- You have never carried a pack overnight and want to start gently
- You want the culture and the cruises as well as the bush
- You are comfortable with a short steep climb

Probably not for you if

- You want a long walk with full packs every day
- You expect this to be like the other trips

Questions

Does it overlap the Kakadu Day Walks?

Yes, they run in the same week and may not both go. Whichever gets four bookings first is a definite departure.

Will I see anyone else?

Only at the beginning and end of the walks. Both campsites are good to excellent.
