

Kakadu and Top End Birdwatching and Nature Special

Trek through a wilderness where no vehicle can ever go

Day walks and accommodation around Darwin and Pine Creek, then a five night loop walk up Barramundi Creek carrying a full pack, to reach the birds no road gets near. The Top End has more than 350 recorded species, six of them found nowhere else.

DURATION 14 days	GRADE Moderate	GROUP SIZE 4 to 12 walkers	PRICE \$4,395 per person
--	--------------------------------------	--	--

Day by day

DAY 0

Pre trip meeting

6.30 pm, Pool Side Bar and Restaurant, Hilton Gardens, 122 The Esplanade.

DAYS 1 TO 2

Birding around Darwin

Early pick up and a day at the Botanic Gardens, Casuarina Coastal Reserve, Lee Point, Holmes Jungle and Howard Springs, back to your hotel each evening.

DAY 3

Pine Creek

Drive south, birding on the way, looking for the Hooded Parrot. Overnight in accommodation.

DAY 4

Yurmikmik and Kambolgie

Day walks, then a night in a Kakadu campground.

DAY 5

The walk begins

Short walks at Bukbukluk and Gungurul, then Maguk. Packs on, a short walk to the first camp above the falls.

DAYS 6 TO 9

Barramundi Creek

The five night loop walk with full packs, slow enough to stop and look at many spots and at every camp.

DAY 10

Cooinda

Finish the walk. Late afternoon Yellow Waters cruise. Overnight in the campground or accommodation.

DAY 11

Yellow Waters and Burrungkuy

Early cruise, then the art sites and the billabong walk. Overnight at Anbinik in Jabiru.

DAY 12

Kubara and Ubirr

The 3 km Kubara walk to a patch of monsoon forest in the morning, Ubirr in the afternoon.

DAY 13

Mary River

South Alligator floodplain and the Mamukala bird hide on the way.

DAY 14

Return to Darwin

Adelaide River floodplain and Fogg Dam on the way. Drop off at your accommodation. The itinerary is subject to change.

Included

Transport during the trip
Park and camping fees
Evening meals on the walk

Not included

Your accommodation in Darwin on the first two nights
Other accommodation and restaurant meals

The services of the guide
Both Yellow Waters cruises

Your breakfasts and lunches

Fitness and who it suits

October is hot, with an average maximum of 36 to 37 degrees and nights of 21 to 23. An early start each morning leaves the hottest part of the day for rest. Bring a lightweight sleeping bag and something to shelter under if a storm comes.

Grade: Moderate. Open woodland to narrow rainforest gorges, scrambling over river stones and a few steep, short climbs. Up to six days of food on the main walk, at a pace slow enough to stop and watch.

This suits you if

- You want to see birds that cannot be reached from a road
- You are happy to carry a full pack for a week
- You care about the rest of the country as much as the list

Probably not for you if

- You only want to tick species from a vehicle
- You cannot walk in heat

Meeting point and getting there

Meet: Darwin, pick up from your accommodation, about 8 am, after the 6.30 pm pre trip meeting the evening before

Nearest airport: Darwin airport

12 Carrington Street, Millner NT 0810

Questions

Will I see the White Throated Grasswren?

It has been seen on some trips in this area, but excessive burning means the traditional spot no longer has the old spinifex and rocks it needs. Nothing is guaranteed; the time of year gives the best chance at many special birds.

How many birds on a cruise?

One client counted more than 40 species on a single Yellow Waters cruise. The trip does both the afternoon and early morning cruises.

How to book

Send a request to book from the Kakadu and Top End Birdwatching and Nature Special page and Russell will confirm within a few days, longer if we are out of range on a walk. Groups are 4 to 12 walkers. \$4,395 per person.
