

Kakadu Highlights No. 2

Trek through a wilderness where no vehicle can ever go

Walk the wonder of Kakadu in the Wet. Two sections, either on its own. Section one is mostly accommodated with short overnight walks and two cruises to acclimatise. Section two shows you the best waterfalls that overnight walkers can reach at this time of year.

DURATION	GRADE	GROUP SIZE	PRICE
14 days	Moderate	4 to 12 walkers	\$4,995 per person

Day by day

DAY 0

Pre trip meeting

6.30 pm, Pool Side Bar and Restaurant, Hilton Gardens, 122 The Esplanade. This meeting is important. If you cannot make it, advise the office well in advance.

DAY 1

Acclimatisation day

Drive to Fogg Dam, then to Kakadu, stopping at the Mamukala wetlands on the way. Overnight at Aurora Resort, Jabiru.

DAY 2

Burrungkuy

Day walk near Burrungkuy (Nourlangie) and art site visits. Few visitors see it at this time of year, when the land is lush and the billabongs full. Overnight at Aurora.

DAY 3

Kubara and Baroalba Creek

Optional flight over Jim Jim and Twin Falls if not already done. Walk 3 km on a marked trail to Kubara (Baroalba Springs) and, water levels permitting, another 2.5 km off trail with overnight packs to a bush camp beside a private pool.

DAY 4

Day walk from camp

Explore the art sites above Baroalba, something impossible on a day walk.

DAY 5

Return to Aurora

Walk back to the vehicle and return to accommodation in Jabiru.

DAY 6

Guluyambi and Yurmikmik

If it is running, the Guluyambi Aboriginal cultural tour, a wetland cruise and Ubirr, offered only for about two months a year when high water opens the Magela floodplain. Drive to Yurmikmik and walk to camp near Motorcar Creek.

DAY 7

Lower Motorcar and Kurrundie Falls

A longish loop day walk to two spectacular sites almost unknown to the public.

DAY 8

Cooinda

Return to the vehicle, drive to Cooinda and visit the Warradjan Aboriginal Cultural Centre. Optional late afternoon Yellow Waters cruise. Overnight in accommodation.

DAY 9

Section one ends, section two begins

Early Yellow Waters cruise, the best way to see Kakadu's wetlands. Section one walkers catch the bus to Darwin. Drive to the closed Maguk track and begin walking with a full pack, following the wet season route above the main falls, where crocodiles do not climb. Bush camp above flood level.

DAYS 10 TO 13

Barramundi Creek

Bush camping with full packs most days. Pool after pool and waterfall after waterfall at their wet season best, with a possible two night camp beside the largest pool and a day walk to falls that flow only now.

DAY 14

Return to Darwin

Follow the main valley back to the vehicle. Drop off at your accommodation late afternoon. The itinerary is subject to change.

Included

- All transport during the trip
- All park entry and camping fees
- Evening meals on the overnight walks
- The services of the guide
- One Yellow Waters cruise

Not included

- Transport to or from the walk for those doing one section
- Optional scenic flight
- Overnight accommodation
- Evening meals in restaurants
- Your breakfasts and lunches
- A second Yellow Waters cruise and the Guluyambi cruise
- Your drinks

Fitness and who it suits

It will be hot, though not as hot as you might think, and it will be humid, with an average maximum of 33 to 34 degrees and rain two days in three. Sleeping bags are not needed. If you have never walked off trail you may find the rock scrambling fairly difficult.

Grade: Moderate. Most of the walking is off trail with some longish rock scrambling and a couple of short, sharp climbs. Day pack much of section one; five nights of food on section two.

This suits you if

- You want to see Kakadu's waterfalls flowing
- You are happy to acclimatise slowly with accommodation and cruises first
- You can carry five nights of food on section two

Probably not for you if

You need dry feet and a cool night

You want marked trails all the way

Meeting point and getting there

Meet: Darwin, pick up from your accommodation, about 8 am, after the 6.30 pm pre trip meeting the evening before

Nearest airport: Darwin airport

12 Carrington Street, Millner NT 0810

Questions

Can I do one section?

Yes. Section one runs 7 to 15 March at \$3595 and section two 14 to 20 March at \$2695. Section two walkers catch a bus to Cooina to join.

Why isn't everything included?

People have different preferences for accommodation and dinners, and some want only one cruise, so it doesn't seem fair to charge everyone the same. The office books it all for you at cost.

Is it safe to swim?

Large crocodiles move around at this time of year, so the route leaves the dry season track and climbs above the main falls. Crocs don't climb waterfalls; swimming is safe from there.

How to book

Send a request to book from the Kakadu Highlights No. 2 page and Russell will confirm within a few days, longer if we are out of range on a walk. Groups are 4 to 12 walkers. \$4,995 per person.
